

# ASSEMBLY HALL

## **The Vision:**

For many decades, school assemblies at UCA were held in the gymnasium. There was no other place on campus! This required a tremendous amount of tear-down and set-up, and it was very disruptive to the athletic program. But now, since the completion of the new cafeteria, the weekly school assembly is held in the old cafeteria dining room.

## Proposed Renovations:

- ✔ It's time to replace the 63-year-old windows and we need to purchase shades for the windows so the room can be darkened.
- ✔ A new stage and backdrop will help students stay focused on the presentation.
- ✔ New stackable pew chairs will replace the hodgepodge of plastic dining and old metal folding chairs.
- ✔ The old cafe was constructed with partly brick and partly block. The block needs a fresh coat of paint.
- ✔ The trim needs to be painted, and some of the soffits need to be repaired before painting.
